E 11864

May 14—16, 1987, Shanghai, China

## CONTENTS

### (I)

Outline of the Opening Speech at the National Water Environmental Management Workshop Qu Geping	1
The Way for the Development of Prevention and Control of Water Pollution in China Qu Geping	5
Water Saving and Wastewater Treatment-Two Im- portant Measures in Water Environment Manage- men Ye Weijun	17
Water Management and River Basin Protection in China Ke Lidan & Wu Guochang	25
Preliminary Analysis on China's Rural Water Supply Management During "Sixth Five-Year Plan" Period Huang Jiansheng	33
Water Pollution Control in China Wang Yangzu	39
Environment, Growth, and Development J. Warford	45
Regulatory Issues- "Keep a Thing in Order before Disorder Sets in" D. Kinnersley	73
Paper on Future Issues H.Fish	77
Maximum Contaminats Levels and Water Management Y.S. Lin	84
Water Supply in Rural Areas D.A. Okun	102
Water Pollution Control in the United States R. Mckinney	108
Outlines for Urban Water Resource Environmen- tal Management Chen Guozhi .	120

(II)

Shanghai Show How to Solve its Water Pollution and What Problem it Has Gu Guowei & Cai Bute	128
Strengthen the Network of Environmental Pro- tection, Reinforce the Environmental Manage- ment and Control the Environmental Pollution in the Rural Areas Huang Mingjie	135
Better Water Resources Management-the Only Pos- sible Sollution to Quench Water Crisis Li Xianfa et al	155
Importance of Environment Monitoring and Ma- nagement in Water Pollution Control in Fujian Lin Zhen	183
Discussion on the Realization of Control over Total Quantity of Pollutant Discharge in Water Source Protection Area in Upstream Huangpu River Qiu Xinyan & Huang Hongliang	188
Some Problems on Water Environment Management Shen Guanfan	202
The Management of Water & Wastewater in Beijing P.K. Tao	212
Discussion on the Crisis of the Fresh Water Resources and the Prevention and Control Policy Wang Jianming	214
Discussion on the Feasibility of Applying Sto- rage Tanks on Intercepting Sewers in the Su- zhou Creek Districts Zhou Jin	220

(III)

Appendix I Discussion	230
Appendix II Water Pollution Charges	275
