

Hans-C. Flemming, Gill G. Geesey (Eds.)

Biofouling and Biocorrosion in Industrial Water Systems

Proceedings of the International Workshop
on Industrial Biofouling and Biocorrosion,
Stuttgart, September 13-14, 1990

66/76512

Springer-Verlag
Berlin Heidelberg New York
London Paris Tokyo
Hong Kong Barcelona Budapest

CONTENTS

H.C. Flemming Introduction: Biofilms as a Particular Form of Microbial Life	1
W.G. Characklis Biofouling: Effects and Control	7
K.C. Marshall and B.L. Blainey Role of Bacterial Adhesion in Biofilm Formation and Biocorrosion	29
H.C. Flemming Biofouling in Water Treatment	47
H.F. Ridgway and J. Safarik Biofouling on Reverse Osmosis Membranes	81
M.W. LeChevallier Biocides and the Current Status of Biofouling Control in Water Systems	113
M.W. Mittelman Bacterial Growth and Biofouling Control in Purified Water Systems	133
G.G. Geesey What Is Biocorrosion?	155
R. Tatnall Case Histories: Biocorrosion	165
W.A. Hamilton Sulphate-reducing Bacteria and their Role in Biocorrosion	187
J.W. Costerton and J. Boivin Biofilms and Corrosion	195
Index	205
