

NORDIC HYDROLOGY *An International Journal*

VOL. 30, NO. 4/5, 1999

<i>Contents</i>	<i>Murdoch, L., Harrar, B., Nilsson, B., Slack, Wm., and Siegrist, R.: In Situ Measurements in Fractured Till Using Sidewall Sensors</i>	257-266
	<i>Klint, Knud Erik S., and Gravesen, Peter: Fractures and Biopores in Weichselian Clayey Till Aquitards at Flakkebjerg, Denmark</i>	267-284
	<i>Jakobsen, P. Roll, and Klint, Knud Erik S.: Fracture Distribution and Occurrence of DNAPL in a Clayey Lodgement Till</i>	285-300
	<i>Jakobsen, P. Roll, and Klitten, Kurt: Fracture Systems and Groundwater Flow in the København Limestone Formation</i>	301-316
	<i>Penttinen, S., Sutinen, R., and Hänninen, P.: Determination of Anisotropy of Tills by Means of Azimuthal Resistivity and Conductivity Measurements</i>	317-332
	<i>McKay, L., Fredericia, J., Lenczewski, M., Morthorst, J., and Klint, K.E.S.: Spatial Variability of Contaminant Transport in a Fractured Till, Avedøre, Denmark</i>	333-360
	<i>Jensen, M. Bergen, Hansen, H.Chr. Bruun, Jørgensen, P.R., and Magid, J.: Leaching of Phosphate in Structured Soil – a Two Step Process</i>	361-378
