

FLOODS ACROSS EUROPE

Hazard assessment, modelling and management

*Edited by Edmund C. Penning-Rowsell
and Maureen Fordham*

Middlesex University Press

List of Contents

Preface.....	ix
Acknowledgements.....	xiii
List of Figures and Tables.....	xv
1 <i>Concepts, Policies and Research</i>.....	1
CURRENT AND FUTURE FLOOD THREATS.....	1
OUR FUNDAMENTAL IDEAS.....	3
THE FLOOD THREATS WE FACE: WHAT SHOULD BE DONE?.....	5
THE SPECIAL EUROPEAN DIMENSION.....	8
THE NATURE OF THE PROBLEM: A TENTATIVE TYPOLOGY OF EUROPEAN FLOOD HAZARDS.....	12
OUR RESEARCH.....	16
REFERENCES.....	17
2 <i>The Risks We Face: Climate Change and Future Flood Threats</i>.....	18
INTRODUCTION.....	18
HISTORICAL INFORMATION.....	19
MODEL PREDICTIONS OF SEA-LEVEL RISE.....	21
CONCLUSIONS AND ASSESSMENT.....	27
REFERENCES.....	30
3 <i>Vulnerability Refined: Analysing Full Flood Impacts</i>.....	32
INTRODUCTION.....	32
THE BENEFITS OF COUNTER-FLOOD MEASURES: APPROACHES AND PRACTICES.....	37

CONCEPTUAL MODELLING: UNPACKING THE NATURE OF FLOOD VULNERABILITY	43
IMPACTS AND NON-MONETARY LOSSES: RESULTS FROM SURVEYS OF DOMESTIC HOUSEHOLDS	52
ASSESSMENT AND CONCLUSIONS	62
REFERENCES	64
4 <i>Models for Flood Hazard Assessment and Management</i>	69
INTRODUCTION	69
A COMPARISON OF EXISTING MODELS.....	70
MULTIPLE-LEVEL FLOOD ASSESSMENT MODELS: EXPERIENCE FROM THE UNITED KINGDOM	78
ENHANCING REGIONAL SCALE ANALYSIS: RESEARCH ON THE RSA MODEL....	88
CASE STUDY TEST OF REGIONAL SCALE ANALYSIS IN GERMANY.....	97
ASSESSMENT.....	103
REFERENCES	104
5 <i>Hazard Appraisal: Modelling Sea-level Rise and Safety Standards</i>	107
THE CONTEXT.....	107
THE PROBLEM	108
METHODS AND APPROACHES.....	114
IMPLEMENTATION: STARTING POINTS AND ASSUMPTIONS	116
THE MODEL'S CONCEPTS AND SPECIFICATIONS	118
APPLICATION AND RESULTS.....	127
SOME POLICY IMPLICATIONS.....	131
REFERENCES	134
6 <i>Real-time Hazard Management: Flood Forecasting, Warning and Response</i>	135
INTRODUCTION.....	135
OUR RESEARCH QUESTIONS	137
RESEARCH METHODS	141
RESEARCH RESULTS.....	152
CONCLUSIONS AND POLICY IMPLICATIONS.....	163
REFERENCES	165

7	<i>The Planning of Flood Alleviation Measures: Interface with the Public</i>	167
	INTRODUCTION.....	167
	THE ENVIRONMENTAL AND DECISION-MAKING CONTEXT: INSIGHTS FROM THE UNITED KINGDOM AND ELSEWHERE.....	169
	METHODS AND APPROACH: THE SETÚBAL EXAMPLE.....	172
	THE SETÚBAL CASE STUDY: SELECTED RESEARCH RESULTS.....	181
	REFINING OUR INTEGRATED CONCEPTUAL MODEL FOR FLOOD HAZARD ASSESSMENT AND MANAGEMENT.....	187
	CONCLUSIONS AND POLICY IMPLICATIONS.....	189
	REFERENCES.....	190
8	<i>Flood Hazard Assessment, Modelling and Management: Future Directions</i>	194
	SYNTHESIS.....	194
	POLICY ASSESSMENT: CONTINUING PROBLEMS.....	196
	FUTURE RESEARCH.....	198
	REFERENCES.....	200
	Bibliography.....	201
	Index.....	212
	Colour plates.....	between 178 and 179
