

Proceedings of the 21st WEDC Conference

International Conference Centre, Kampala, Uganda

4-8 September 1995

SUSTAINABILITY OF WATER AND SANITATION SYSTEMS

Edited by John Pickford,
Peter Barker, Bob Elson, Cath Ferguson,
Jeremy Parr, Darren Saywell, Rod Shaw and Brian Skinner

Conference co-organized by
The Water, Engineering and Development Centre
Professor John Pickford - WEDC Co-organizer
Mrs Rowena Steele - WEDC Conference Secretary
Loughborough University of Technology, LE11 3TU, UK

and the **Local Organizing Committee**
Mr Patrick Kahangire - Chairman
Eng Sottie Bomukama - Secretary
Directorate of Water Development, PO Box 20026, Kampala, Uganda

Papers produced by Karen Betts

Water, Engineering and Development Centre
Loughborough University of Technology
Leicestershire LE11 3TU UK

The Water, Engineering and Development Centre (WEDC)
is concerned with education, training, research and consultancy
for the planning, provision and management of physical infrastructure
for development in low- and middle-income countries.

The Local Organizing Committee

Ms C. Amucu, Mr J.M. Rwabeire-Baira, Eng S. Bomukama (*Joint Secretary*), Mr P. Buhenga,
Mr Libero Buzzi, Lloyd Donaldson, Grace Ekudu, Mr Moses K. Gava, Mr I. Geria,
Mr P.O. Kahangire (*Chairman*), Dr Kakule, Mr David Kane (*Joint Secretary*), Dr Kasirye Alemu,
Mr D. Kavutse, Mr C.M. Kayongo, Dr B. Kiggundu, Eng P. Mubiru, Mr P. Mukasa (*deceased*),
Mrs Elizabeth N. Musoke-Odur, Eng Hilary Onek, Mr J.P.F. Rockhold, Eng A. Rugumayo,
Gracious Ssembali, Dr C. Wana-Etyemu (*Vice-Chairman*), Dr J. Webb (*deceased*).

*The Water, Engineering and Development Centre and the Local Organizing Committee
express their appreciation of the support of sponsors who contributed to local costs in Kampala
or paid for the attendance of authors and other participants.*

Special thanks are extended to the United Nations Children's Fund (UNICEF) for sponsoring
participants from several countries and the Overseas Development Administration (ODA), UK
for a grant that enabled fourteen authors to attend.

CONTENTS

REGISTERED LIST OF PARTICIPANTS	x
WEDC ALUMNI GET-TOGETHER	xvii
OPENING ADDRESS: H.M. KAJURA	xviii
POEM: RECITED BY ALEX MONKOLI	xix
OPENING ADDRESS: MR P.O. KAHANGIRE	xx
WELCOME ADDRESS: PROFESSOR JOHN PICKFORD	xxi
ADDRESS: BRYAN LOCKE	xxii
THE UNION OF AFRICAN WATER SUPPLIERS	xxiii
PLENARY SESSIONS	
Eka I. Braide and Oka M. Obono <i>Nigeria</i> Sustainability in guineaworm eradication programme	3
Elizabeth N. Musoke-Odur <i>Uganda</i> Gender issues in sustainability of watsan systems	6
John K. Odolon <i>Uganda</i> Participatory hygiene and sanitation programme	10
Dr Abimbola Odumosu <i>Ghana</i> Sustainable community water supply in Nigeria	14
<i>Summary of discussion: Plenary Session</i>	17
A COMMUNITY MANAGEMENT	
Ms Agnes Bitature <i>Uganda</i> The nze ndi kano communication campaign	21
Edward Bwengye-Kahororo <i>Uganda</i> Women, water, sanitation, in South West Uganda	24
F. Mawuena Dotse, Nii Odai Laryea and Betty Yankson <i>Ghana</i> Can rural women manage water?	26
Samuel D. Mutono <i>Uganda</i> Sustainability in WES — RUWASA experiences	28
Patrick A. Okuni and John P. Rockhold <i>Uganda</i> An approach for community based sustainability	32
Dr J.V. Pinfeld <i>Uganda</i> Participatory techniques and didactic methods	35
Edward Pitia Amosa <i>Egypt</i> Motivation and mobilization for sustainability [Discussion paper]	38
Theron Scott Robson <i>Tanzania</i> Transition from provider to facilitator	40
<i>Summary of discussion: Group A</i>	42

B ENVIRONMENT, HEALTH AND POLLUTION

Moses Bagbiele, Elizabeth Kidd and S. O-Sarpong <i>Ghana</i> Community oriented hygiene and sanitation	47
Mrs C. Binder, R. Schertenleib, J. Diaz et al. <i>Switzerland</i> The early recognition of environmental impacts	50
A. El-Hosseiny <i>Egypt</i> Education for sustainability for remote populations	54
Nii Odai Laryea <i>Ghana</i> Health education in water and sanitation projects	56
Dr (Ms) Pia Rockhold <i>Uganda</i> Hygiene education for lasting health	59
Richard G. Taylor and Dr Ken W.F. Howard <i>Canada</i> Averting shallow well contamination in Uganda	62
<i>Summary of discussion: Group B</i>	66

C MANAGEMENT

Dr Anand Narain Asthana <i>India</i> Demand analysis of RWS in Central India	71
Peter Barker, Cath Ferguson, Ian Smout, and Max Wade <i>WEDC</i> Management of irrigation maintenance	74
Piers Cross, Martin Rall and Baby Ramahotswa <i>South Africa</i> Innovative funding in the new South Africa	78
Patrick Harvey and Patrick Gue <i>France</i> Training of Gaba 2 treatment works personnel	81
David Kane <i>Uganda</i> Skills and management training for sustainability	85
Daudi B. Makooma <i>Uganda</i> Private sector in water development for sustainability	88
Manfred Matz <i>Ghana</i> Decentralised planning of community water projects	91
Derek W.J. Miles <i>WEDC</i> Seeking sustainability: lessons from project experience	94
J.G.B. Mitchell, T. Borotho and D.S. Barraclough <i>Lesotho</i> Parastatal development - institutional strengthening	98
David Mwesigwa <i>Uganda</i> Water and sanitation in peri-urban settlements	101
Mairura E. Omwenga <i>Kenya</i> Financing infrastructure in Kenya small towns	103
Ms Anu Saxén-Rosendahl <i>Kenya</i> Demand driven approach for sustainability	106
Fred Kato Semugera and Joseph M. Kiwanuka <i>Uganda</i> Decentralization as a strategy for sustainability	109
D. Sharpe, M. Ochwo and R. Bakibanga <i>Uganda</i> Katwe urban pilot project [Discussion paper]	111
Rod Shaw <i>WEDC</i> The World-Wide Web and sustainable development	113
Michael Wood and Negash Dina <i>Ethiopia</i> Buying into rural water systems	117
<i>Summary of discussion: Group C</i>	120

D OPERATION, MAINTENANCE AND TECHNOLOGY

A.J. Abdi <i>Somali</i>	
Cement lined tanks for rainwater harvesting	125
F. Mawuena Dotse <i>Ghana</i>	
Establishing a decentralized maintenance system	127
Dr Peter A. Erkelens <i>Netherlands</i>	
The Mainren model for sustainable built environment	130
Malcolm Farley <i>UK</i>	
Operation and maintenance - the WHO toolkit [Discussion paper]	134
Dominic Kavutse <i>Uganda</i>	
Community management and maintenance of urban supply	136
Richard Mtonga and Theron Scott Robson <i>Tanzania</i>	
Pump and engine maintenance scheme	138
Fati Mumuni <i>Ghana</i>	
Dam maintenance	140
Henry Kayondo Ntale <i>Uganda</i>	
Use of the GPS system in the water sector	142
Dr F.A.O. Otieno <i>South Africa</i>	
Role of industries in sustaining water quality	144
Edward Pitia Amosa <i>Egypt</i>	
Earth dam wells in Southern Sudan	147
Albert I. Rugumayo <i>Uganda</i>	
Rainwater harvesting in Uganda	150
Brian H. Skinner <i>WEDC</i>	
Ferrocement water storage tanks	154
<i>Summary of discussion: Group D</i>	158

E RURAL WATER SUPPLY AND SANITATION

J.M. Barot <i>India</i>	
Sustainability of rural water supply in Gujarat	161
Rob Burgess and M. Slabbert <i>South Africa</i>	
Reconstruction development plan — Hlanganani	165
Brian Copeland <i>Uganda</i>	
Sustainability with large communally owned systems	168
Eddie James <i>UK</i>	
Project identification in Tanzania	171
Claus R. Jespersen <i>Uganda</i>	
Village level operation and maintenance	173
Peter H. Killewo, Pontian Ruta and Edward Lungwa <i>Tanzania</i>	
Singida integrated rural development project	176
John Situma Mukhwana and Jarmo J. Hukka <i>Kenya</i>	
Sustainability of community water supplies	179
James Mwami <i>Uganda</i>	
Spring protection - sustainable water supply	181
Charles Rwabambari, D. Ddamulira and F. Bangu <i>Uganda</i>	
Sustainability of water systems in Oruchinga Valley	184
Mtwalib Walude <i>Uganda</i>	
Sustainability of Kaborole shallow wells	186

N Wobusobozi, R. Glotzbach and H. Nuwamanya <i>Uganda</i> The gravity flow schemes programme in Uganda	188
George Aduko Yanore <i>Ghana</i> Sustainable rural watsan management in Bolgatanga	190
<i>Summary of discussion: Group E</i>	194
 F SANITATION AND WASTE	
Mansoor Ali and Darren Saywell <i>WEDC</i> Community initiatives in solid waste	199
Dr K. Alibhai, Arthur Boon, A. Vincent and J. Williams <i>UK</i> Increasing sewer longevity by septicity control	203
Paul Arnold <i>Ethiopia</i> Solid waste management in Addis Ababa	207
Derek Harrington and Dr Karim Alibhai <i>UK</i> Sustaining quality by control of industrial discharges	210
David Holmes <i>Venezuela</i> Sustainability of rural sanitation in Venezuela	215
Michael Jere, A.T. Dzotizei and M. Munjoma <i>Zimbabwe</i> Pit latrine emptying using motorised equipment	220
B.M. Kiggundu <i>Uganda</i> Physical-chemical emptying of latrines for sustainability	223
Dr (Mrs) T.V. Luong <i>Bangladesh</i> Sanitation and hygiene, Bangladesh's action	225
Paul B. Majura and A.F. Banda <i>Zambia</i> Sustainability of Lusaka sewage works	229
Paulo Oscar Monteiro and Vicente Macamo <i>Mozambique</i> Mozambique - low cost sanitation programme	232
Maimuna Nalubega and Robinah Nakawunde <i>Uganda</i> Phosphorus removal in macrophyte-based treatment	234
V Subba Rao <i>India</i> Problems in construction of large size sewers [Discussion paper]	238
Yassir Omer Taha <i>Sudan</i> Towards sustainable sanitation projects [Discussion paper]	240
Dr S.L. Tang <i>Hong Kong</i> Hong Kong wastewater - now and future	242
Eleanor Wozzi, Maimuna Nalubega and F. Kansiime <i>Uganda</i> Role of wetlands in municipal wastewater purification	245
<i>Summary of discussion: Group F</i>	248
 G WATER RESOURCES AND WATER SUPPLY	
M.A.S.L. Attanayake, J.P. Padmasiri and Fonseka <i>Sri Lanka</i> Laterite for water treatment	253
Marcus Baechler <i>Switzerland</i> War, a threat to sustainable water supply	256
Geoff Bridges <i>UK</i> Motivation for NRW control	257
Malcolm Farley <i>UK</i> Reducing water losses in Vietnam	260

Geoff Folkard, John Sutherland and Reya Al Khalili <i>UK</i> Natural coagulants — a sustainable approach	263
David Holmes <i>Venezuela</i> Coliform test kit for Venezuela [Discussion paper]	266
Mrs Lightness Kasonta and Anthony S. Kasonta <i>Tanzania</i> Exploration of sustainable water sources	267
David Kasozi <i>Uganda</i> Water resources sustainability - science and technology	270
P G Nembrini <i>Kenya</i> Water supply in Rwanda (1995): from war to sustainability	272
Cyril H.A. Ratnam <i>South Africa</i> With water only metres away	275
Richard Taylor and Dr Ken Howard <i>Canada</i> Groundwater recharge to the Regolith in Northern Uganda [Discussion paper]	279
Callist Tindimugaya <i>Uganda</i> Regolith importance in groundwater development	281
<i>Summary of discussion: Group G</i>	284
SPECIAL PRESENTATION: DR STEPHEN ESREY	287
FAREWELL ADDRESS: PROFESSOR JOHN PICKFORD	292
CLOSING ADDRESS: DR JAMES MAKUMBI	293
CLOSING ADDRESS: MR P.O. KAHANGIRE	294
