

# DISCHARGE CHARACTERISTICS

*Edited by*

D.S. MILLER

*BHR Group Limited, Bedford, UK*

A.A. BALKEMA / ROTTERDAM / BROOKFIELD / 1994

# Contents

|   |  |     |
|---|--|-----|
| 1 | Introduction<br><i>D.S. Miller</i>   | 1   |
| 2 | Discharge measurement structures<br><i>Willi H. Hager</i>  | 3   |
| 3 | Discharge relationships and component head losses for hydraulic structures<br><i>P.A. Kolkman</i>                                | 55  |
| 4 | Headlosses in closed conduit systems flowing full<br><i>D.S. Miller</i>  | 152 |
| 5 | Analysis of flow conditions and hydraulic design for river diversion in closed conduits<br><i>Xsingsu Lu &amp; Naixiong Zhao</i> | 217 |
| 6 | Flow through and over 'rockfill structures'<br><i>J.D. Lawson</i>  | 230 |
|   | References   | 241 |
|   | Subject index  | 247 |
