# Table of contents

Preface	5
Acknowledgements	7
Extended summary	9
<b>1</b>	<b>Introduction, data, and information sources 17</b>
	Usage of European inland surface waters 17
	Assessment of the environmental state of European inland surface waters 18
<b>2</b>	<b>Characteristics of European rivers, lakes, and reservoirs 23</b>
	European rivers 24
	European lakes and reservoirs 30
<b>3</b>	<b>Water quality of European rivers and lakes 35</b>
	Ecology of rivers and lakes 35
	Environmental problems in rivers and lakes 36
	Regulation of European rivers 39
	Organic pollution of rivers 44
	Nutrients in European rivers and lakes 50
	Acidification of surface waters 65
	Heavy metals, organic micropollutants, radioactivity, and other hazards 69
<b>4</b>	<b>Ecology of rivers and lakes 35</b>
	Plants, fish, birds, and mammals in European freshwater habitats 75
	Aquatic macrophytes in European fresh waters 76
	Freshwater fish 85
	Birds and mammals associated with European fresh waters 90
<b>5</b>	<b>Current situation and the way forward 103</b>
Appendix	107
Glossary	110
